

## **Help plan the future of your parish!**

The recent questionnaire survey showed that a significant number of Linkinhorne parishioners feel very strongly about the future of the parish. Now is the time to be actively involved in a Neighbourhood Development Plan.

### **How to get involved**

- Take part in meetings, surveys and exhibitions. Deliver leaflets.
- Contribute your ideas and suggestions.
- Form or join a working party that focuses on what interests you, be it your part of the parish or a topic such as housing, energy generation, conservation or employment.
- Talk about the Plan with friends and neighbours - spread the word!

### **Join the Neighbourhood Plan Team - help manage the process**

- Organise public meetings, set up and manage a dedicated NDP website.
- Plan the NDP project: tasks, timetable, budget.
- Consult planning and other relevant professionals.
- Help draft the Plan.
